- ❖ Diesel Auto Retractable Hose Reel with Twenty-Five (25) Feet of 1-1/2 Inch Hose and Nozzle
- ❖ Aluminum Wheels
- ❖ Custom Paint Colors
- ❖ Under Body Rust and Weather Protection Coating

## HUMDINGER SALES, ENGINEERING, AND SERVICE SUPPORT

Humdinger Equipment Ltd introduces our first fuel distribution system that is designed to meet the needs of the new Tier 4 diesel engine DEF requirements. The DefDiesel 65 / 930 is designed to provide the farming and construction industry the piece of equipment that bridges their current operations with the new Tier 4 engine requirements on today's diesel engine products.

Humdinger Equipment Ltd offers over 65 years of combined experience designing and manufacturing construction equipment and farm implements for Caterpillar, Case, Terex, Dynapac, and other world-class companies. Humdinger Equipment Ltd has designed the DefDiesel 65/930 using the same techniques and quality assurance processes that you find in the world's best construction equipment.

Humdinger Equipment Ltd offers the market direct access to our engineering and customer support team to the end-user of the product. This is the same methods we use with our construction equipment customers allowing the user to be a more productive consumer of our equipment.
